

I Extend All Good Wishes for a Happy New Year

TO my friends and customers in Amarillo and throughout the Panhandle I am indebted for much that has been pleasant and inspiring during the year just closed.

Aside from the usual business intercourse, which has, itself, been more than usually agreeable, there have been many things that has made my heart glad. The friendly associations, the warm letters, the kindly spoken words, and other token of friendship, have combined to give added reasons for saying that the year 1922 will long remain fixed in my heart and mind.

To my friends and customers everywhere I wish that the New Year may bring forth everything that is pleasing and profitable.

G. B. HILL ASKS DEMOCRATS TO BOOST BANQUET

G. B. Hill, chairman of the Panhandle Democratic executive committee, Saturday said that he believed Democrats all through the Panhandle should boost the Jackson Day banquet to be held here Monday, January 8, at the Amarillo Hotel. He declared that there should be delegations from every county in the Panhandle.

Mr. Hill has suggested to the committee in charge that a letter be written to every county chairman in the section urging them to see that a delegation from his county is present. He declared that it is just as essential to have a wide representation at a Jackson Day banquet as it is to have a large crowd.

Decisions to invite women to the banquet last year with approval and indifference are that a committee will be there along with their husbands.

The committee continued work yesterday in getting a leading Texas to move here and leave an address on Jackson Day and Jackson Day banquet, and it is expected definite arrangements will be made early in the week, who will be the chief speakers.

HALEY TO RAISE MEMBERSHIP FEE IN COUNTRY CLUB

The present membership certificate in the J. C. Haley country club, which has been in effect since 1918, will expire on Jan. 1, 1923. The present fee is \$100 and Mr. Haley said that prospects would have a substantial saving by taking action today.

Many persons it is believed will visit the club grounds today and reports will be there to show visitors around. All of the real estate firms are familiar with the club and have certificates.

Reservations for the golf has just about been completed and it will be completed in time for the upcoming season. Membership certificates will be issued to those who have been in the club since 1918 when the fee is finished, it was completed Saturday.

Hamrick Busy on 1922 Report County's Work

County Auditor H. G. Hamrick is busy compiling the county's annual report which includes expenditures and receipts for the fiscal year ending Nov. 30. This report will be ready to give out Monday or Tuesday.

The county auditor will be busy Monday presenting the reports of the various officers who retire from office. These reports must be accepted by him when they leave office, in order that the records may be turned over to their successors.

COMMUNITY CLUB AT ALLISON'S HOLDS ITS FIRST PROGRAM

The first regular meeting of the Community club, recently formed at Allison's hotel, was held last night. These clubs have been formed at various school houses over the county, primarily through the efforts of Miss Laura V. Hamrick, county school superintendent.

Arthur Palmer is president of the club in the Allison community.

Amateurism is forbidden in basketball.

DIVERSIFIED FARMING CHIEF TOPIC BEFORE AN OPTIMISTIC MEETING, CHANNING YESTERDAY

An optimistic meeting in the interest of diversified farming and the introduction of cotton growing in that county, was held at Channing, county seat of Hartley county, Saturday afternoon. Every leading farmer on discussion was attended the meeting; Secretary W. S. Blanton of the Panhandle-Pine Plains Chamber of Commerce, reported on his return to Amarillo last night.

More hog raising, dairying, poultry raising and the establishment of a cotton gin, were the chief features which prompted the calling of the meeting, and which were discussed by various speakers.

The meeting was presided over by Judge W. H. Blanton and called to order at 2 o'clock. Judge Blanton told of the possibility of Hartley county and the Panhandle not being diversified farming would make this area far more prosperous. A hog, a cow, some chickens and a cotton gin will make the North Plains the most prosperous area.

MAIL DELIVERY ROUTES BEING EXTENDED HERE

Extension of the mail delivery service in Amarillo, effective January 2, was made by Postmaster W. C. Kenyon yesterday. The changes will be made just as soon as the new year at the first of the month is delivered.

The changes mean that another carrier will be required for at least five hours daily and a revision of the routes. Following are the extensions announced by Mr. Kenyon:

North of Park.

Jefferson, 100 block; Adams from 5th to the Park.

South of the Park.

Jefferson, 12th to 13th; Washington, 12th to 17th; Hughes, 12th to 17th; Hayden, 12th to 16th; Moore, 17th to 18th; Jackson, 18th to 19th; Van Buren, 19th to 20th; Harrison, 20th to 22nd; Tyler, 20th to 22nd; Taylor, 23rd to 22nd; Fidelity, 24th to 25th; Pierce, 18th to 23rd; Buchanan, 19th to 23rd; Lincoln, 19th to 22nd.

"Delivery service will be extended to the patrons of the territory mentioned, provided neighbors are placed on the house and a receptacle for the mail is placed at a convenient place for the carrier," said Mr. Kenyon. No patron need expect the service extended to them unless they first put the correct numbers on their house and at a place where it can be plainly seen and a well respectable that is large enough for the mail to be placed in without delaying the carrier. This does not mean that you will have to buy an expensive box, but you can make it yourself if you will make it right.

"The effort to extend service to patrons not having boxes for the receipt of mail does not only affect the post office but the department has ordered that service be withdrawn from the patrons now within the delivery limits unless they erect a suitable receptacle for their mail."

COUNTY SCHOOLS TO TAKE UP WORK TUESDAY MORNING

County schools will not again hold sessions until Tuesday, letting the holiday recess extend over Monday, on account of observing New Year's Day. County schools have a habit of having work on New Year's Day, but the attendance is usually light. Miss Laura Hamrick, county school superintendent said yesterday, as teachers of public schools who were at Miss Hamrick's office yesterday, reported they would not resume work until Tuesday.

For School Wear

An added fullness at each side, held in by ribbon ties, gives one of the newest dresses the proper silhouette. Straight, unbroken front and back creases are seen on many smart frocks. The style's severity usually is relieved, as in the model sketched Square neck and straight sleeves complete the effect. Bloused dresses always are becoming to young girls. Here is one that carries the style by pleating from neckline to hemline.

THIS is to express our gratitude for your kind patronage during the year 1922 and to say that our friends and customers are counted among the chief assets of our company.

We trust the year has brought many blessings to you and that the New One will be even more blessed than any we have yet experienced.

May we ever keep in mind the source of all happiness and our duty and privilege to serve and bless those about us.

Sincerely,

BLACKBURN BROS.
